

# Notice to Residents

Roebling Steel Site, Florence Township, New Jersey

---

Please be advised that grading and capping work in the western end of the Slag Area will begin in the near future. In preparation for this work, the following activities will be performed: soil delineation in the walking areas along the existing fence line between 6<sup>th</sup> and 10<sup>th</sup> Avenues, removal of the existing fence in sections and establishment of a construction work zone. There will be an increased personnel presence and the area will be temporarily closed to the public until the restoration is complete with new topsoil and grass seed.

We apologize in advance for any inconvenience. For any questions, please contact:
